IMPORTANT THINGS TO NOTE:

- You don't need winter gear right away; it's the rain gear that's most important in the Fall months
- Check with your SA about what previous tenants may have left behind
- Boots: we recommend Xtratuf, Muck or Bogs
- When in doubt, select waterproof and/ or wind resistant clothing
- Mail can be slow & food selection at village stores can be quite limited so we recommend you keep an "emergency" storage of food in your pantry
